Forecast for Sunday 05 May 2024

Weather: A fine and dry start to Sunday, with light winds and plenty of sunshine but a few mist and fog patches quickly clearing after dawn. Some fair weather cloud will bubble up in the morning and perhaps lead to the odd afternoon shower but it will remain predominantly dry. Mostly cloudy with the odd shower in the evening.

Chance of cloud-free hill tops above 800m: 90% quickly becoming 95% or more.

Low Cloud and visibility: Generally very good but a small chance of mist and fog in prone valleys around dawn.

Meteorologist's View

A perfect day for a walk in the hills.

Forecast for Monday 06 May 2024

Weather: Generally cloudier on Monday although any prolonged break is likely to become filled with fog in the latter part of the night. The cloud will break into sunny spells and showers, heavy with thunder locally. These will also be slow-moving, potentially turning small waterways into fast streams.

Maximum wind: Northerly 05 mph.

Chance of cloud-free hill tops above 800m: 90% throughout.

Low Cloud and visibility: Generally very good but good or even moderate in and around any showers.

Temperature: **Valleys:** Plus 10 Celsius becoming plus 19.
At 800m: Plus 05 Celsius becoming plus 11.
Freezing level: Above summits.
